

Notes_2

These notes can be printed for reference by pressing the "Print" icon at the right top corner.

Item #1: New Flight Numbe(or new Reord Number).

Items #5,6, 14, 22, 23. 24: Make sure one option is chosen

Item #20 and #21: If no picture of the aircraft of the flight does not exist, type N/a in Item #20 and leave Item #21 empty

If the picture exist, in Item #20, type the following

images_2023/x.jpg

to print the clickable icon.

and in Item #21, the link to the page with the aircraft photo.

Like

star.php

n62zb.php

n234aa.php

etc..

Item #13: Nationality of the Pilot in Command

Item #28: Link to the pilot's Web Site . If it does not exist, leave the box empty or type N/A

If there is such a link, use this format

www.alsworldflight.com, or

www.mysite.com

Items #27, #39, #31: Type your text, limited to only a few words.

In order to have a "readable" output, the lines must have a maximun of 10 words

any longer line would take too much space on the screen and beyond when viewing the results and finish outside of the screen...

To do this, insert a line-break; every 10 words. To insert a 'line-break', type the following

every 10 words or near enough

Item #32: If the 'Confirmation Form' does not exist, type N/A or leave box empty.

If the Form exist the format is

Confirmation Form

replacing the name of the form by the appropriate one. like

Confirmation Form
